Profile Statement

I am a hardworking and motivated young man with a learning enthusiasm. I am myself a student of Computer Engineering and I have already worked on many projects. Additionally I have learned many programming languages and I am very much willing to work in some reputed companies. I attended many hour coding bootcamp to learn new languages while sharpening existing skills.

CAREER OBJECTIVE

Front-End Developer with a proven ability to collaborate effectively with senior developers while spending extra time to be mentored. Enjoy working closely with team members to ensure workloads are effectively redirected to bottlenecks and personally picking up the slack when necessary. With a passion for both personal growth and for software development. Ready to apply my passion for coding to a talented engineering team to develop quality solutions
